Saddlebred Rescue, Inc. is a truly unique rescue that incorporates the thinking and practices of a professional show stable with the realities of the plight of unwanted horses today. SBR buys all horses in our program mostly from auctions and sales where they are slaughter bound. Each horse's overall health is assessed by our staff and veterinarian and health issues are treated. Chronic conditions are recorded as such. Our professional trainer works with each horse to design a program to help the horse be adoptable. While our only facility is in NJ, the adoption program is nationwide. All SBR horses are in a lifetime program and will always have the option of being returned to SBR if the adopter's circumstances change. SBR encourages every potential adopter to visit our facility, but we understand it is not always possible to visit us on-site. In these cases, our trainers work with you to understand your needs and to pick out a horse that is perfect for you. Every day our professionals work to improve the care, training and placement of our treasures, so our placement rate is very high and returns to SBR for incompatibility are almost nonexistent.

*Donations to Saddlebred Rescue are made possible by the generosity of our horse show community.*
